## **Public Notice of Proposed Action**

**Web posting date: 07/17/06**

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes (NRS). The Administrator has received a complete renewal application for a water pollution control discharge permit (Permit # NEV10019) from the following applicant:

The City of West Wendover  
P.O. Box 2825  
West Wendover, NV 89883

The West Wendover Wastewater Treatment Plant is permitted for a flow of 1.0 million gallons per day and receives wastewater influent from West Wendover, Nevada (year-round) and during certain periods from Wendover, Utah (e.g., summer). Wastewater is treated in an activated sludge process, and the treated effluent is stored on-site in three (3) lagoons during winter months. During warmer months, effluent is further treated by filtration and chlorination prior to being re-used at the Toana Vista Golf Course in West Wendover. The receiving water for the plant effluent is the groundwater beneath the golf course during the irrigation season and the groundwater beneath the storage lagoons during the non-irrigation season.

On the basis of preliminary review of the requirements of the NRS as amended, and implementing regulations, the Administrator proposes to issue (renew) a permit for a five (5) year period, subject to certain limitations and special conditions.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, closing at 5:00 P.M. on August 18, 2006, either in person or by mail to:

Department of Conservation and Natural Resources  
Division of Environmental Protection  
Bureau of Water Pollution Control  
901 S. Stewart Street, Suite 4001  
Carson City, Nevada 89701

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of

public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time. The application, proposed permit, comments received, and other information are on file and may be copied or copies may be obtained by writing to the above address or by calling James T. Hogan, Bureau of Water Pollution Control at (775) 687-9434

Please bring the foregoing notice to the attention of all persons whom you know would be interested in this matter.
